

# JOY FOR ALL COMPANION CAT

THE COMPANION THAT CAN BRING A BETTER QUALITY OF LIFE  
TO OLDER ADULTS & CAREGIVERS

Providing joy, comfort, and  
interactive companionship  
to aging loved ones & peace  
of mind to their families  
and caregivers

## MEET THE CATS

JOY FOR ALL Companion Pet cats look, feel, and sound like the real thing. But they're so much more than soft fur, soothing purrs, and pleasing meows. Thanks to built-in sensor technology, Companion Pet cats respond to petting and motion much like the cats you know and love. This two-way interaction helps create a personally rich experience that can bring fun, joy, and friendship to you and your loved ones. Robotic companion cats also reduce the burden placed on caregivers by providing a nonpharmacological intervention for agitation and loneliness.

## Proven Benefits

Enhance Quality of Life

Carefree Pet Ownership

Provide Comfort to Those who  
are Socially Isolated, Lonely, or  
Living with Cognitive Impairments

Peace of Mind for Families  
and Caregivers

May Lower Cost of Care

Interactive Pets React to  
Human Touch & Voice

## NO VET BILLS, JUST LOVE

JOY FOR ALL Companion Pets are designed to bring comfort, companionship, and fun to elder loved ones. Our interactive cats, kitten and pup are all about an ease-of-care and convenience that pairs with technology for the best possible experience for older adults living in senior communities or aging in place and their caregivers.

Our Joy for All Companion Pets have been co-developed with extensive feedback from aging loved ones and their families, to provide joy and intergenerational fun - but don't take our word for it!

These pets have won multiple awards including the Caregiver Friendly Award from Today's Caregiver and the Dementia SMART Award from the Dementia Society of America!

## Meet the Cats
